

SAFETY PROTOCOLS

Battery Charging

- No charging of personal electronics in chalets when unoccupied
- Staff will unplug any devices they find plugged in when servicing your chalet
- All charging stations will be unplugged when guests go to bed

Smoke Detectors

All devices are serviced every six months

- Test power source
- Replace batteries (for battery operated units)
- Test smoke sensors using canned smoke or smoke matches

Chalet Orientations

- A staff member will show you to your chalet and provide an orientation including:
 - Showing the main escape route and explain how to reach the Assembly Area
 - Showing where the nearest fire extinguisher is and instructions on how to use it
 - When the Welcome Briefing will be held
- The safety systems presented will be reviewed again in the Welcome Briefing.

Smoking

- Is only allowed in designated area
- Smoking Area: **TBD**

Night Staff Accessibility

- The lodge has staff living on property that are available to assist guests in emergencies after hours.
- The Welcome and Safety Briefing will instruct guests how to contact staff after hours, after everyone has gone to bed.

Assembly Area

- Located at the Hill Tribe Fire Camp (in front of your chalet)
- If alarm sounds – Do NOT return to your chalet.

Safety Comes First

If something feels wrong,

Don't Wait!

Tell one of the staff immediately.

EVACUATION PLAN

GENERAL ALARM SIGNAL

In the event of an emergency a signal will be sounded

Actions To Take Upon Hearing the General Alarm Signal:

- Proceed directly to Muster Station #1
- Assist those who need help
- Follow the instructions of staff members
- DO NOT return to your chalet to collect your property.

SAFETY SUMMARY

Standard Operating Procedures

Safety is our top priority. All Aggressor destinations operate according to their brand's Standard Operating Procedures (SOP) manual. These standards ensure a consistent experience for our guests and written instructions for training of staff, regardless of their location. The SOP also specifies the safety equipment required for the destination and emergency drills. Drills are conducted regularly for staff training. For some drills, we may invite you to participate with us!
